

Material Safety Data Sheet

Date: October 19, 2012

SECTION - 1: [Product and Company Identification]

- Product Items' Names: **RFGRANULAR**
- Chemical Name: Paper fiber, deinked or recycled
- Chemical Family: Cellulose Complex
- Product Description: Paper fibers, deinked or recycled and other miscellaneous components and inert ingredients. No CAS Number Required
Typically gray, with musty odor.
- Contact Address: Sorbent Products Co., Inc., 645 Howard Avenue, Somerset, NJ 08873
- Emergency Telephone: 800-333-7672 (24-Hours)

SECTION - 2: [Hazardous Ingredients & Exposure Limits]

- All components are considered non-hazardous.
- This product is defined as an "Article" and does not require an MSDS as defined in 29 CFR 1910.1200 of the U.S. Occupational Safety & Health Standard. MSDS provided only by request of customer.

SECTION - 3: [Typical Physical & Chemical Characteristics]

Bulk Density:	43-49 lbs/cft.
Melting Point	not applicable
Freezing Point	not applicable
Boiling Point	not applicable
pH	not applicable

% Volatiles	not applicable
Solubility in Water	not applicable
Form	solid
Vapor Pressure	not applicable
Vapor Density (air = 1)	not applicable

SECTION - 4: [Fire, Explosion, & Reactivity Data]

- Autoignition Temp: 220 °C
- Incompatibility with: Strong oxidizers (hydrogen, peroxide, bromide, chromic acid, etc)
- Stability Considerations: Stable
- Conditions to avoid: Mixing with incompatible materials
- Extinguishing Media: Water, CO2, Foam
- Fire Fighting:
 - Water spray should be utilized
 - No unusual fire and explosion hazards
- Hazardous Polymerization: None, under normal use of this product.
- Hazardous Decomposition: None, under normal use of this product.
- Hazardous Reactions: None, under normal use of this product.

SECTION - 5: [Health Information & Protection]

- Eye Contact: Flush with water or eye drops to remove particles
- Skin Contact: Irritation may occur in persons with existing skin lesions.
Wash with soap and water.
- Inhalation:
 - Breathing of dust may aggravate acute or chronic asthma and other pulmonary diseases. If signs of distress, remove to fresh air.
 - Use NIOSH/MSHA approved dust respirators if material is used in unventilated area, or if dust concentration exceed specified exposure limits.
- Ingestion: Ingestion of small quantities is not considered harmful, however, if discomfort occurs, seek medical attention.
- Exposure Limits: None
- Threshold Limits: None
- Personal Protection:
 - Ventilation: Local exhaust good. Mechanical exhaust preferred.
 - Protective Gloves: Not required.
 - Eye Protection: Not required. Always consider using safety glasses.
 - Special Clothing: Not required. Appropriate work clothing may be worn when handling.
- **NFPA Hazardous Rating:**
 - ⇒ Health 1
 - ⇒ Flammability 1
 - ⇒ Reactivity 0

SECTION - 6: [Precautions for Safe Handling and Use]

- Spilled Material: Sweep up unused product and place in suitable container for disposal.
- Disposal: If unused, no special precautions are necessary. In any event, dispose of according to all laws and regulations.
- Storage & Handling: No special precautions noted - see local regulation if needed.
⇒ Transport is accordance with local, state, & federal regulations.

SECTION - 7: [Disclaimer]

- While Sorbent Products Company believes that the data set forth in this sheet is accurate, Sorbent Products Company makes no warranty with respect thereto, and expressly disclaims all liability for reliance thereon. Please consider the assistance of individuals trained in proper evaluation for health-related data.
